The Doctor of Business Administration program at San Diego University for Integrative Studies designed for management consultants, mid-career business managers, multicultural organizational leaders, educators, investors, entrepreneurs, and other adult learners. The DBA degree program will build on the skills acquired through master's-level studies to equip professionals with expertise in leadership principles and management ideas and practices, as well as develop a higher level of competence in conducting research. The DBA program will concentrate on the application of theory related to professional practice and issues of corporate concerns, as well as prepare graduates to lead, consult, and teach in corporate and academic arenas.
By the end of the program graduates will be able to:

- Evaluate complex issues related to human resources nationally and internationally
- Describe capitalization strategies for companies.
- Use quantitative and qualitative tools research to make high-level business decisions
- Apply strategic management, leadership, and communication skills
- Describe ethical considerations of business ownership
- Complete a dissertation

Graduate Certificates

Expressive Arts Therapy

The San Diego University for Integrative Studies offers a non-degree certification program in Expressive Arts Therapy for students, therapists, interns, educators, and other professionals. This program provides exposure and training within an academic area of Expressive Arts that utilize a variety of media, techniques, and theories of human growth.

The Expressive Arts Therapy Certificate at SDUIS is designed to provide participants with a holistic and culturally enriched perspective about facilitating health, emotional growth, and human potential. The personal integration of a host of experiences and techniques is intended to contribute to the development of greater personal health and increased therapeutic options.

The 35 units can also be applied toward the degree requirements for MA in Expressive Arts Therapy or Ph.D. in Expressive Arts Therapy.
By the end of the program graduates will be able to:

- Describe current counseling and psychotherapy theories and practice standards
- Demonstrate assessment and appraisal techniques
- Apply expressive arts therapy techniques
- Evaluate appropriate indicators for the use of play therapy

- Demonstrate professional communication skills in writing through organizing, thinking critically, and communicating ideas and information in documents and presentations.

Integrative Nursing Care

The San Diego University for Integrative Studies offers a non-degree certificate Program in Integrative Nursing, which is designed for those planning on contributing to the development of healthcare in general practice settings. Students will learn skills in the professional practice, clinical care, management of healthcare systems and collaborative practice. This non-degree course of professional instruction provides participants with a foundation and skills development in seven distinct, yet interrelated courses, logically sequenced to provide a practical orientation to engage in a range of collaborative relationships with individuals and groups, the general practice team, and primary health and service providers to create positive outcomes for patients.

Graduates of the Certificate in Integrative Nursing program will exhibit an understanding of professional, legal, and ethical standards as they apply to nursing. Students will develop the skills to provide comprehensive, episodic interventions and population based health care to include health monitoring and maintenance.
By the end of the program graduates will be able to:
- Describe the role of the body, mind, and spirit in health and healing
- Describe current research on nutrition and nutraceuticals in health
- Demonstrate the ability to work as part of a collaborative, multi-disciplinary health care team
- Discuss lifestyle change and complementary modalities in the treatment and prevention of disease
- Demonstrate providing care for the whole person in a variety of setting

Sport Psychology

The San Diego University for Integrative Studies offers a non-degree certification program in Sport Psychology for students, and other professionals interested in working with athletes and athletic organizations. This program is designed to provide students with the theoretical and practical training needed to help athletes be more effective in sports and their personal lives. The program is intended to prepare professionals to consult with individual athletes, teams, and athletic organizations, and to effectively develop and teach programs tailored for this unique population.

The Sport Psychology Certificate at SDUIS is designed to provide participants with a holistic and culturally enriched perspective about facilitating health, emotional growth, and human potential. The personal integration of a host of experiences and techniques is intended to contribute to the development of greater personal health and increased therapeutic options.

The 40 units can also be applied toward the degree requirements for MA in Sport Counseling or Ph.D. in Sport Psychology.

By the end of the program graduates will be able to:

- Describe the unique mental health needs of a professional athlete
- Identify and describe the ethical and legal considerations in sports psychology
- Articulate the theory and research that are central to sports psychology
- Conduct effective programs for individual athletes, coaches and teams
- Demonstrate effective intervention techniques based on the need of the client
- Complete a thesis or final project

Student Characteristics

SDUIS has had 1193 students since it began in 1999, 782 graduates and 411currently enrolled students. We have noticed that most of our students fall into three demographic categories:

- Adult professionals advancing their education
- International college graduates advancing their education
- International college graduates improving their English language skills
- Professional athletes completing their degrees

Measured Outcome: Student Learning Outcomes

Our purpose in measuring student learning outcome is to measure and ensure that program is rigorous and course learning objectives are being accomplished as evidenced by passing the class at an appropriate level. The Dean monitors this measurement of student outcomes and ensures its communication to faculty and appropriate administrators. At the present time, SDUIS evaluates student learning by a review of grade point average and also by reviewing results of the capstone assignment results.

Grade Distribution

Biannually, the Dean and instructional staff review course grades. Overall GPA for summer by faculty are illustrated below.
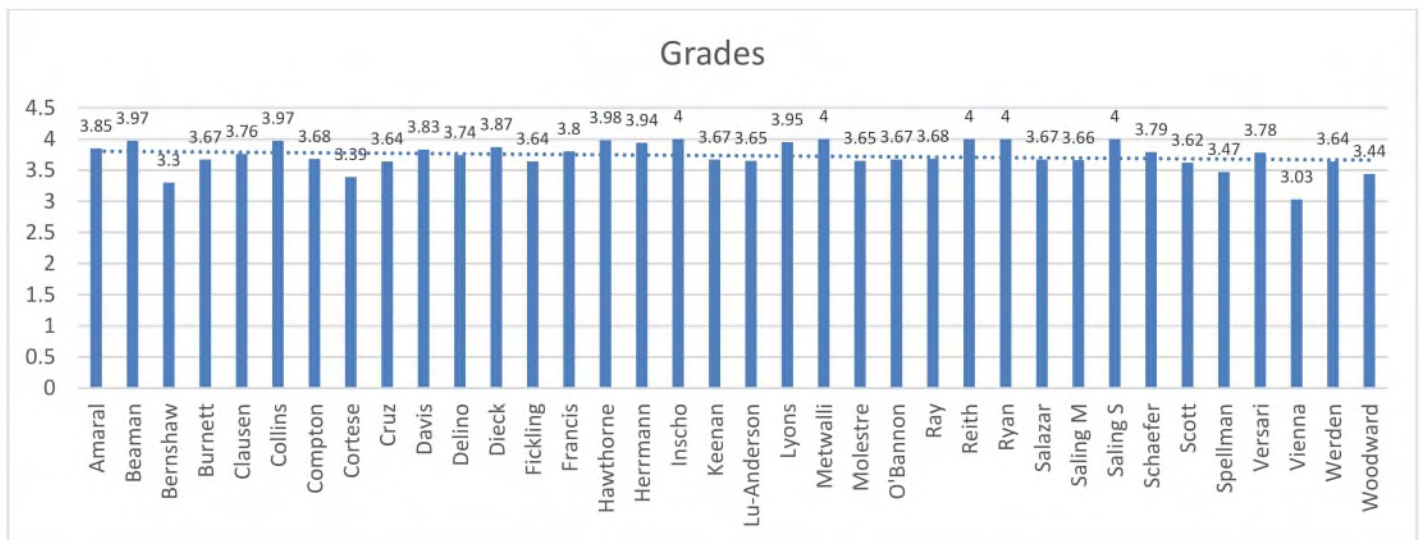

Grades

Below is the distribution of grade averages by course.

Grades
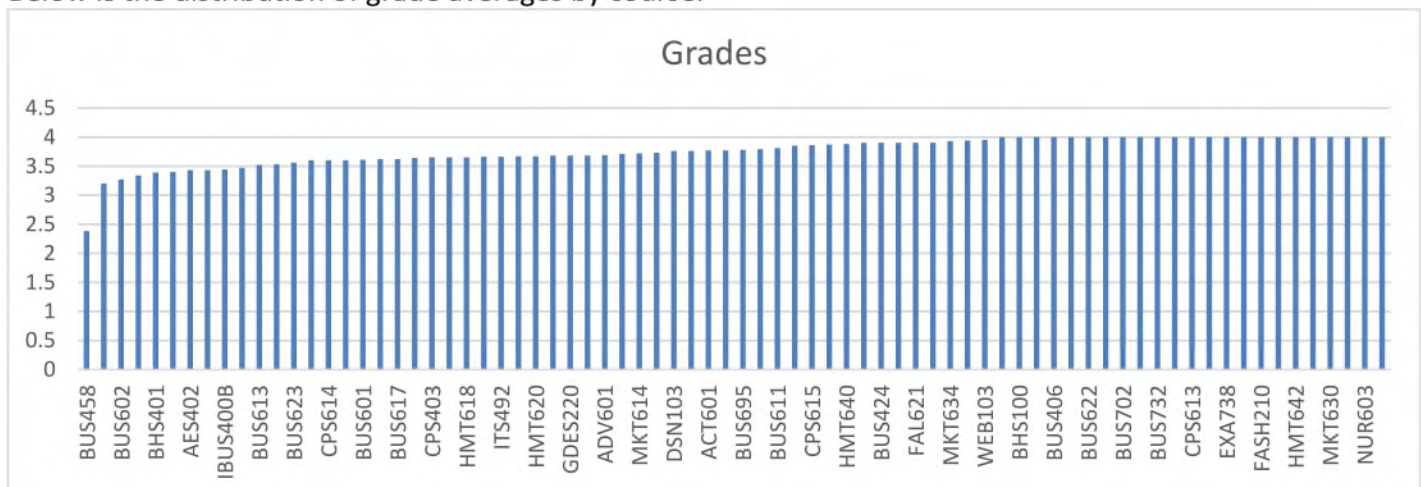

Comprehensive Examination

Historically, SDUIS has required students to pass a comprehensive examination in order to pass the master's and doctoral programs. Students that fail the examination may retake it or may enroll in the capstone course, which requires the completion of a comprehensive project. The results for 2105 are below.

2015 Comprehensive Exam Takers			
Program	Passed 1st Attempt	Passed Subsequent Attempts	Failed
Expressive Arts Therapy (MA)	1		1
Business Administration (DBA)			4

			1
Business Administration (MBA)			1
Sport Counseling (MA)	1	1	
Accounting (MA)			1

Evaluation of Student Learning Outcome Trends

Evaluating student grades by course has revealed some interesting trends. For one thing, the lower level courses have a lower GPA than the doctorate level and upper level master's courses. As a result SDUIS will review the curriculum in those courses to ensure that they are engaging and also evaluate the services that are in place to assist newer students.

A review of the Comprehensive Exam scores was very enlightening. We believe that students are not preparing enough for the comprehensive exam and are not scoring well. The length of the programs is most likely also contributing to the failure rate. As a result of our evaluation of recent results, we are going to mandate that students only have one opportunity to pass the exam and if they do not pass, they will be required to take the Capstone course. We will evaluate the success of this policy change in our next CEP review.

Measured Outcome: Student Satisfaction

Student evaluations are conducted at the end of every course. The purposes are twofold: (1) To assess teaching style, teaching methods, knowledge of material being taught, instructor preparation, content of the course, as well as the overall success of the services provided by SDUIS; and (2) To improve student retention. This evaluation is summarized on an appropriate form and given to the Dean or President. The Dean, Lead Faculty or President discusses the results with the instructor regarding strengths, deficiencies and areas for improvement.

Results of the summer 2015 Student Survey are below:

Class	Instructor knowledge of the subject	Instructrs ability to facilitate discussion and maintain interest in the subject	The challenge and depth of the course	Students opportunities to participate in class in a significant way	The course as a personal growth experience	The textbook and course material covered	Ability and responsiveness of instructor	The benefit to your career goals	Did the course match the course description	Average

Evaluation of Student Satisfaction Scores

In the past SDUIS has not used a numeric system to evaluate the student satisfaction scores. We would distribute a survey and then review the results with the faculty member. By assigning a numeric value to the results, it is easier to track trends and compare faculty results. As these results demonstrate, additional emphasis needs to be

given on connecting the course objectives to career expectations since students are not seeing that relationship. Another noteworthy finding was about the value of the textbook. This has been an issue at SDUIS since we allow students to purchase their books anywhere they choose. Some don't purchase them and find partial book chapters online. We need to do a better job mandating that faculty verify that students have the book and that the activities that require the book are a valuable part of the learning experience.

Measured Outcome: Student Retention

The Institution recognizes that retention is an important factor in assessing the overall fulfillment of Institution and the program missions. Simply put, a student must successfully complete his or her program in order to take his or her place as a medical professional serving the needs of the community. Nonetheless, the Institution also recognizes its duty to graduate only students who have attained the necessary knowledge and skills for the degree level and will not graduate any student who has not demonstrated this attainment through successful completion of all coursework and other graduation requirements. Needless to say, there will be students who fail to graduate for any number of reasons that prevent them from reaching this level. Therefore, the Institution routinely works to help each individual succeed with procedures that include:

SDUIS evaluates retention data quarterly by program. Based on this data SDUIS believes that we are making good progress with our retention initiatives. We are committed to continuing our efforts in this area and hope to improve on the current retention levels for every program during the coming reporting year.

Although SDUIS has not been accredited, we utilized the ACICS retention formula for 2015. The data for 2013-2014 uses the BPPE completion rate formula. An evaluation of the data for the past three years, as reported on the ICAR, is as follows:

	BPPE 13	BPPE 14	CAR 15
Overall Institutional Retention %	66%	53%	84%

	Retention by Program		
	BPPE 13	BPPE14	CAR15
Certificate in Fashion Design	100%	*	61%
Certificate in Graphic Design	80%	100%	69%
Certificate in Information Technology	50%	71%	95%

Graduate Certificate in Sport Psychology	100%	*	50%

*Because the institution was only required to calculate a completion rate and not a retention rate for its regulator during the 2013-2014 period, the years that had no graduates do not have any results.

Evaluation of Student Retention Trends

As described earlier, SDUIS has established a student retention baseline of 68%. Our FY 2016 retention goal is 85%.This goal would represent incremental improvement in retention over 2015. The actual performance in 2015 of 84% exceeds the baseline. While some of the increase is impacted by changing the retention formula, some of the improvement has come from our initiatives in student services.

To increase student retention we are instituting and improving the following activities:

- Enhance the orientation process
- Modified the curriculum to include more lab time
- Promote study sessions that bring students together

The President, Dean and/or Program Director is responsible for monitoring these activities.

Measured Outcome: Graduate Employment

SDUIS acknowledges that with the exception of the ESL non-credit, short term courses, the programs offered are primarily terminal in nature and designed to lead to employment. As a consequence, SDUIS recognizes that graduate employment is an important measure of whether the Institution is fulfilling its mission. Because the majority of graduates are from foreign countries, they are unable to work in the United States due to visa restrictions. SDUIS still assists those students in obtaining practical training as allowed by SEVP, but those results are not included in the employment statistics.

The graduate employment rates for those students allowed to seek employment for the last three years are listed below. For 2013 and 2014, the results reported are those that were reported to BPPE. The rates for 2015 were calculated using the ACICS formula. Some of the graduates are in programs that are no longer being offered. Those results are included in the overall university average but are not listed in the program chart.

	2013	2014	2015
Overall grad employment %	94%	16%	68%

Evaluation of Graduate Employment Trends

The ability for graduates to obtain employment is dependent on their ability to obtain the visas necessary to work in the United States. The vast majority of students are not allowed to work and therefore the small number of eligible graduates, severely impacts the placement numbers. The reduction in 2014 was partially due to a dramatic decrease in US students. The increase in 2015 is due to an increase in our population as well as the result of additional scrutiny being placed on this metric.

The Institution has implemented, or will be implementing, the following actions to maintain our employment rate and to assure that the campus will meet its goal in 2016.

- Increase the presence of the Career Services staff throughout the student's matriculation.
- Expand emphasis on affective skills.
- Expand the alumni network.
- Track students that graduate and return to their home country to work.
- Strengthen the exit process to ensure that we have multiple contact points for all graduates.

The Student Services Department will oversee the employment rate goals and activities to achieve them.

Graduate Employment Baseline and Goals

The graduate employment baseline was set at 58% based on an average of SDUIS's last two years of operation. Since the objective is continuous improvement, SDUIS will use a 70% goal for CAR 2016. We selected that goal, and believe that we can achieve it, because we have instituted new processes to track students that graduate.

Measured Outcome: Graduate Satisfaction

SDUIS recognizes the value of feedback from those who complete its programs in helping to identify areas of strength and areas for improvement. Consequently, the Institution began surveying graduates in 2015 about the areas of the program that the graduates perceived to be beneficial and the areas not beneficial. 10 graduates were invited to take the survey, and 6 responded, for a response rate of 60%.

Going forward, graduates from SDUIS will be asked to complete a survey approximately 30-60 days after completion of their program and after they receive employment. Those working are asked to provide employment information including name of employer and supervisor, job title and description, employer's address and phone number, and student's home phone number and address or other permanent contact point. SDUIS will use the required ACICS forms to track placement.

Graduate satisfaction is reviewed twice per year as part of the CEP process, for which the Campus Director is responsible. This report is given to the faculty and to the Advisory Board for further analysis and planning.

SDUIS graduates are asked several questions related to the quality of the program and their readiness for employment in the field. The cumulative results of the Graduate Exit Surveys, by program, are below.

	2015
Overall grad satisfaction %	68%

Evaluating Graduate Satisfaction Trends

The campus just began surveying graduates, so trends are not available. The Institution will continue its monitoring of graduate satisfaction to ensure that satisfaction rates do not decrease. Of the six graduates that completed the survey, 4 stated that they were employed within 3 months of graduation; 2 were employed within a year; and 1 was employed after two years.

The average response rate to the question, "On a scale from 1 to 10 with 10 being 'always recommend' and 1 being 'never recommend,' how likely are you to recommend SDUIS to a family member or friend as a place to attend school" 6.8. The average hourly salary of the graduates is $81.50.

The surveys included positive and negative comments. The positive comments related to the family environment, the location of the university, individual attention, and the flexible schedule. Some of the negative comments related to the lack of accreditation,

Wi-Fi speed, limited career services, and the time it takes to obtain feedback on some assignments.

Surveying the graduates was a worthwhile activity that yielded important revelations. Planned activities to improve student satisfaction include obtaining accreditation and more closely monitoring faculty to ensure that they are following the grading and other policies of the university. The Campus Director is responsible for monitoring and managing planned activities.

Graduate Satisfaction Baseline and Goals

Our baseline for Graduate Satisfaction is 68%, based on our first results. Our 2016 goal is 80%. We believe that we can achieve this rate since we are mobilizing all the university resources towards many of the issues that were expressed as concerns for the graduates.

Measured Outcome: Employer Satisfaction

SDUIS recognizes that employers are the customers for our work product, our graduates. Employers are in the best position to determine how successful we are in fulfilling our mission to prepare graduates for fulfilling healthcare careers. Consequently, SDUIS collects survey data from our employers and evaluates the data to assist in the continuing improvement of our curriculum and teaching. Survey collection began in the summer 2015. The next survey will be conducted after the 2015 fall term.

SDUIS emails a survey link to employers designed to elicit feedback regarding graduate strengths and weaknesses approximately thirty to ninety days after they began their employment. SDUIS makes repeated attempts to obtain the best possible participation by employers on this survey by conducting follow-up calls. The vast majority of SDUIS graduates are foreign students that are not allowed to work in the United States. Therefore although there are a significant number of graduates, there are relatively few that are allowed to work, which impacts the number of surveys that are sent and received.

The employer satisfaction rates are reviewed biannually as part of the CEP process. The results are presented to faculty and to the Advisory Board for further analysis and planning. Employers of SDUIS graduates are asked a series of questions related to the graduate's preparation for employment and skills level. The questions were as follows:

1. Approximately how long has the graduate been working for your organization?

2. On a scale from 1 to 10 with a "10" being "definitely would hire" and a "1" being "never would hire," how likely would you be to hire another San Diego University for Integrative Studies graduate?

3. Please rate your overall satisfaction with the graduate's skills and abilities.

4. Graduates from San Diego University for Integrative Studies are better prepared to succeed in this industry in comparison with graduates from other colleges and universities.

5. Please rate your satisfaction with the graduate's professionalism and work ethic.

6. Please rate your satisfaction with the graduate's communication skills.

7. What knowledge, skills or abilities are most important for graduates to succeed in your industry?

8. Based on the performance of the San Diego University for Integrative Studies graduate you hired, what changes can San Diego University for Integrative Studies make to its program to produce even stronger graduates for organizations like yours?

9. Would you be interested in participating in future Program Advisory Committee (PAC) meetings, where we invite employers to participate in our curriculum review and program improvement process?

Five surveys were sent to graduate employers and two returned them, which is a response rate of 40%. The cumulative results of the Employer Satisfaction Survey are below, based on the response to the question, "On a scale from 1 to 10 with a 10 being 'definitely would hire' and a 1 being 'never would hire,' how likely would you be to hire another SDUIS graduate."

	Inception to date
Overall employer satisfaction %	85%

Evaluation of Employer Satisfaction Trends

The campus just began surveying employers, so trends are not available. The Institution will continue its monitoring of employer satisfaction to ensure that satisfaction rates do not decrease. In addition, it should be noted that the sample size is quite small. As the number of graduates grows, trends will become more meaningful.

Both employers stated that they were extremely satisfied or somewhat satisfied with their employee's skills abilities, professionalism and work ethic. When asked about what SDUIS could do to the curriculum to make the graduates even more ready for careers in the industry, one employer suggested additional software practice and field trips and another employer reminded us about the importance of time management and communication skills. These recommendations will be shared with the advisory board and the faculty so appropriate curriculum modifications can be considered.

Employer Satisfaction Baseline and Goals

Our baseline for employer satisfaction is 85%, which is based on our first results. The 2016 goal is 90%. That goal was selected because it represents "A" level work, which is what we strive for at SDUIS. We believe that we can reach this goal by doing the following:

- Maintain focus on career effectiveness in all courses
- Expand employer involvement in the curriculum and on the Advisory Board
- Continue to require skill development as a key component of the curriculum

The Executive Leadership Team is responsible for monitoring these activities.

Efficacy of Distance Education

SDUIS has been offering distance education since its inception. In 1999, the techniques and delivery model of our Distance Education was ahead of its time. It is now evident that SDUIS needs to reevaluate its methodology in order to ensure that students are receiving a quality experience. To that end, SDUIS has recently selected the NEO LMS and hired a distance education coordinator who will work with the faculty to populate the classes in this new system. Additionally, we have evaluated the outcomes of the distance learning courses and compared them to the outcomes of the residential classes. The results of that analysis is below.

There were 34 online courses offered in the spring of 2015 and 46 residential classes. In the summer, there were 38 online courses and 41 offered residentially. The class CGPAs were evaluated for each term by methodology. The results indicated an average CGPA online in the spring was 3.80 and in the summer was 3.75. Residentially, the CGPA was 3.68 in the spring and 3.72 in the summer.
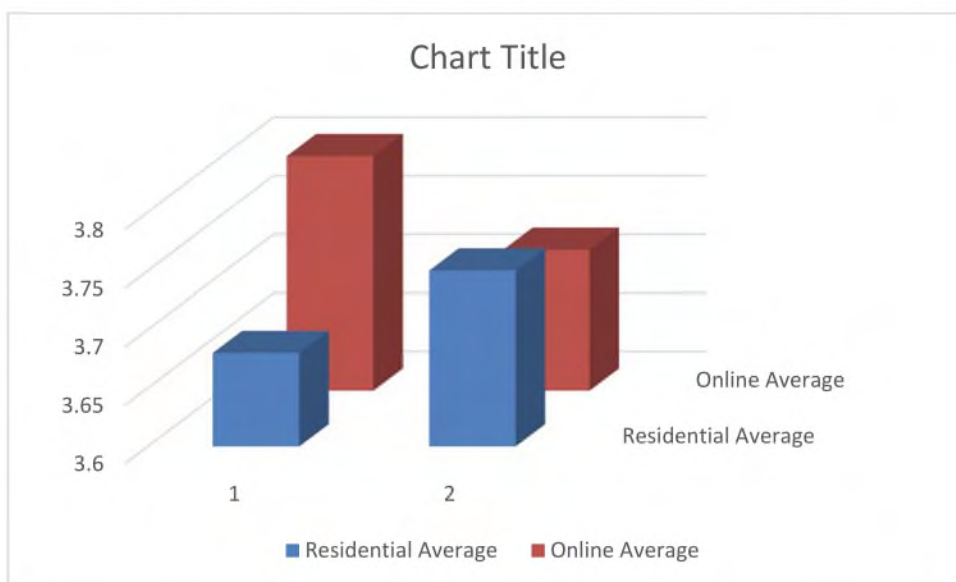

We also looked at individual courses that were taught this year in different formats. Thus far this year, there have been 11 such occurances. The results for those 11 courses are included below. The methodology with the higher CGPA is bolded.

BUS617	*Residential*	Spring 15	3.87
BUS617	Online	Summer15	3.61
BUS618	*Residential*	Spring 15	3.75
BUS618	Online	Summer15	3.43
BUS627	*Online*	Spring 15	4
BUS627	Residential	Summer15	3.78
BUS701	*Residential*	Spring 15	4
BUS701	Online	Summer15	3.95

DSN103	*Online*	Summer15	3.78
EXL603	Online	Spring 15	3.56
EXL603	*Residential*	Summer15	4
FAL621	Residential	Spring 15	3.83
FAL621	*Online*	Summer15	4
IBUS400	Online	Spring 15	2.94
IBUS400	*Residential*	Spring 15	3.67
IBUS400	*Online*	Summer15	3.43
IBUS400	Residential	Summer15	3.36
MKT630	Residential	Spring 15	3.62
MKT630	*Online*	Summer15	4

Evaluation of Distance Education

The overall class GPAs were higher in the online version of the class. However, the difference was not greater than one standard deviation. Additional study and analysis of results will need to be conducted to determine if the variation was statistically significant.

The data related to individual courses that were taught this year in both formats was equally as mixed. Of the eleven courses that were taught in both formats, six of the online courses had higher GPAs, compared to 5 residential courses. SDUIS will continue to evaluate its performance in the distance education courses, especially in light of the improvements being made to the LMS.

Short Term Goals for improving Qualitative and Quantitative Outcomes or Educational Processes

SDUIS defines a short term goal as one that can be completed in less than a year. The following goals have been established for 2016.

- Achieve ACICS accreditation

- Academic enhancements
  - Improve the return rate of all survey instruments.
  - Implement a new LMS
  - Implement an ACICS compliant SAP policy.

- Continuous improvement of library
  - Select and implement the use of an online library database.
  - Establish processes to encourage information literacy, research, and the use of the resources.
  - Promote the library services to faculty and students
  - Develop career services material for the library

- Operations
  - Establish policies and procedures in every department.
  - Hire Program Directors
  - Hire a Compliance Coordinator
  - Hire and train two librarians

Long Term goals for improving Qualitative and Quantitative Outcomes or Educational Processes

SDUIS defines long term goals as goals that take longer than a year to complete. Future CEPs will evaluate progress towards long term goals. The long term goals listed below will support and enhance the mission of the institution during our next phase of development.

- Increase the percentage of US students that attend SDUIS.
- Transition all online courses to the NEO LMS.
- Develop a robust Alumni Association.
- Increase the percentage of faculty that have terminal degrees.
- Development partnerships with local businesses that can provide externship opportunities for the students.
- Update I-17 to include the Congress Street Building for future degree program expansion.

Summary

As evidenced in this Initial CEP, San Diego University for Integrative Studies is committed to student achievement and to continuous improvement. Its initial retention, placement, and satisfaction results are encouraging and are a testament to the efforts of the faculty and staff, as well as to the dedication of the students.

Looking forward, SDUIS will continue to monitor the results of its assessment instruments and maintain a proactive rather than reactive posture in making changes. The results of the student satisfaction surveys, employee surveys, graduate surveys, employer surveys, and Advisory Board input and suggestions will be evaluated and action plans created.

Retention Rate – The Retention Rate is calculated, using the following formula:

Total Enrolled (#3) – Withdrawals (#5f)
Total Enrollment – Exempted Withdrawals (#5d + #5e)

Placement Rate – The Placement Rate is calculated, using the following formula:

Graduates placed (#10a)
Total Completers and Graduates (#7) – Those Not Available for Placement (#10 (c – h))

Retention	Placement
84%	33%

(b)(6)

Notes:
*Programs not enrolling and have been surrendered to BPPE.

** Programs that may not be completed on-line. All other programs can be completed fully online.

Institutional Overview

San Diego University for Integrative Studies (SDUIS) is located in the historic old town neighborhood of San Diego. The campus occupies two floors of two neighboring buildings. The facility includes: classrooms/language labs, a meditation room, student, faculty, and staff break rooms, a reception area, a resource center, administrative offices, and outdoor break areas. The institution has additional space approximately two blocks from the campus which can be used for additional classroom space, but is not currently being utilized. Students have access to parking, lite rail, and bus services near the campus.

The institution offers English as a Second Language training through the USA English Language Center, which is approved by the Accrediting Council for Continuing Education and Training (ACCET). Though the USA English Language Center is a part of SDUIS, it is designated as a separate department with a separate name as is required by ACCET. Per a letter from Mr. Scott Faulstick senior accreditation coordinator for ACCET, they do not accredit programs or institutions, but only an English Language Department. ACCET required that the department have a separate student handbook, organizational chart, and financial statements. It is the intent of the institution to discontinue their relationship with ACCET upon a grant of accreditation from ACICS. A letter dated May 4, 2016 from ACCET indicates that the institution remains on a status of "Institutional Show Cause". The status is as a result of findings that the institution is responding to from their previous site visit. The findings appear to be areas of non-compliance with ACCET Criteria such as: student progression, a listing of ACCET as the accreditor for SDUIS, transfer student language, SAP policy, polices regarding attendance, leaves, and vacations, etc. A response has been submitted to ACCET.

The institution offers distance education programs. Most students at the campus are SEVIS students. This restricts the number of on-line courses that they can complete as they can do no more than 50% via this modality with all other courses being taken residentially. Most programs can be completed completely on-line, but at the time of the visit, there were only three students completing their program completely on-line.

Visit Overview

Staff was provided a work room which contained all those items requested for the visit. A tour was provided of both buildings of the campus. There was a brief informal meeting with some administrative staff to discuss the visit, application process, and the response that was submitted to ACICS prior to the visit. Most of the day consisted of a review of the materials that were provided. At the conclusion of the visit, an extensive exit conference was held with administrative staff to discuss those areas of concern.

Minimum Eligibility Requirements (Section 1-2-100)

1. Does the institution offer postsecondary educational programs that are designed to educate students for professional, technical, or occupational careers?

   ☒ Yes   ☐ No

2. Does the institution offer at least one program that is a minimum of 300 clock hours in length?

   ☒ Yes   ☐ No

3. Does the institution require prospective students to possess a high school diploma or its equivalent, or to be beyond the age of compulsory school attendance and demonstrate, through valid assessment, an ability-to-benefit from the educational experience?

   ☒ Yes   ☐ No

4. Is the institution licensed by the appropriate state education agency for postsecondary institutions?

   ☒ Yes   ☐ No

5. Has the institution offered educational services to the general public for at least two years immediately prior to consideration of the application by ACICS?

   ☒ Yes   ☐ No

6. Is the mission of the institution to offer educational programs which help students develop skills and competencies to enhance their careers?

   ☐ Yes   ☐ No   ☒ Needs Improvement

Section 3-1-100 of the _Accreditation Criteria_ states that every institution must have a mission which is its specific purpose for existing. This mission, together with a set of objectives to accomplish it, must be summarized in a mission statement. The objectives should be devoted **substantially** to career-related education and should be reasonable for the program of instruction, mode of delivery, and facilities of the institution.

The Mission Statement published in the catalog reads "The mission of San Diego University for Integrative Studies is to provide an educational environment that will facilitate and encourage adult learners who value and strive to pursue intellectual growth. The University provides academic and practical training utilizing a humanistic applied approach to adults who seek to grow from an interdisciplinary, integrative education in support of their personal and professional goals.

In fulfillment of its mission SDUIS will
- Develop students who seek to be lifelong learners
- Prepare students for the diverse applications of 21st century careers

- Create an inclusive environment that celebrates the unique backgrounds of the staff, faculty and learners

The mission along with its objectives is not substantially career-oriented.

7. Is the enrollment in each program offered sufficient to support course work and learning experiences that constitute measurable and defined educational programs, and is enrollment in programs sufficient to allow ACICS to assess the educational effectiveness of those programs?

    ☒ Yes   ☐ No

8. Does the institution have a sufficient number of graduates from a majority of its programs to enable ACICS to assess the educational effectiveness of those programs?

    ☒ Yes   ☐ No

9. Is there evidence that the institution is in compliance with all applicable laws and regulations?

    ☒ Yes   ☐ No

10. How is the institution organized?

    ☒ as a corporation   ☐ as a limited liability company
    ☐ as a limited partnership with a corporate general partner

11. Has the chief executive officer of the institution authorized the evaluation for accreditation?

    ☒ Yes   ☐ No

12. Have the owners or managers of the institution ever been debarred by ACICS?

    ☐ Yes   ☒ No

Institutional Readiness

The Campus Effectiveness Plan (Sections 3-1-110 – 3-1-113):

1. Has the institution developed a Campus Effectiveness Plan (CEP)?

    ☒ Yes   ☐ No

    The campus provided a CEP which addresses all required elements. Some elements are not complete to include: explicitly stated baselines, goals, analysis, rationale, and improvement plans.

2. Does the plan contain or do the following:
    a. A description of the characteristics of the programs offered
       ☒ Yes   ☐ No   ☐ Needs Improvement
    b. A description of the student population
       ☐ Yes   ☐ No   ☒ Needs Improvement

The plan lists some basic characteristics of students, but does not provide any analysis or description of the effect on institutional planning.

   c. A description of the types of data that will be used for assessment
      ☒ Yes   ☐ No   ☐ Needs Improvement
   d. Identify outcomes
      ☒ Yes   ☐ No   ☐ Needs Improvement
   e. State how continuous improvement will be made to improve or enhance outcomes
      ☐ Yes   ☐ No   ☒ Needs Improvement
   f. A plan for distance education that includes the rationale, resources, course/program objectives, content, and student assessment
      ☐ Yes   ☐ No   ☒ Needs Improvement

The CEP includes an analysis of the success of distance education; the components listed above in question f can be found in the distance education plan that was provided.
The improvement plans for the outcomes do not include analysis for selection of the activities in the plan.
The CEP states prior to the elements the baselines and goals with a statement that the additional information regarding the selection of the goals can be found within each element.
Some elements do not contain information for the selection of the goals.
The current CEP also does not incorporate faculty satisfaction surveys, which are a requirement of **Appenidx H** for Distance Education.

3.   Are the following five required elements included in the plan and evaluated?
   a. Student retention rates   ☐ Yes ☐ No ☒ Needs Improvement
   b. Student placement rates   ☐ Yes ☐ No ☒ Needs Improvement
   c. Level of graduate satisfaction   ☐ Yes ☐ No ☒ Needs Improvement
   d. Level of employer satisfaction   ☐ Yes ☐ No ☒ Needs Improvement
   e. Student learning outcomes   ☐ Yes ☐ No ☒ Needs Improvement

As previously stated, goals are stated in the beginning of the CEP, but no rationale is provided for the selection of the goals. Retention and Placement has two years of historic data based on BPPE measurements and one year based on the CAR report. As these are based on different standards for calculating, the institution may wish to utilize just CAR data, as one year of historic data is acceptable for an initial applicant. The graduate satisfaction surveys are sent to all graduates employed and not employed. There is no evidence of follow-up surveys post-placement to meet the requirements of **Section 3-1-441(c).** The areas of graduate surveys and employer surveys should include goals for rate of return with plans to meet the goal in addition to goals based on the data received for institutional improvement.

4.   Are appropriate baselines and goals identified for all of the elements listed above?
      ☐ Yes   ☐ No   ☒ Needs Improvement

As previously stated, some elements do not provide rationale for the selection of the goals.

5.   Has the institution identified and described how the data used to assess the five required elements was collected and included a rationale for using the type of data chosen?

         ☒ Yes   ☐ No   ☐ Needs Improvement

6.   Has the institution provided a summary and analysis of the data collected and an explanation of how the data have been used to improve educational processes?

         ☒ Yes   ☐ No   ☐ Needs Improvement

7.   Has the campus published specific activities that will be undertaken to meet their goals?

         ☐ Yes   ☐ No   ☒ Needs Improvement

Rationale for the selection of the activities should be included.

8.   How does the campus plan to show that the CEP is evaluated at least annually and that periodic progress reports are being completed?
The campus has a plan to review the CEP, at a minimum, every six months to include an annual update after the CAR is finalized.

Educational Activities:

1.   Who is responsible for program administration? What are this person's qualifications? (Section 3-1-511)
Dr. Raymond Trybus, campus president, is responsible for program administration. Dr. Trybus holds a PhD in clinical psychology, a master's degree in psychology, and a bachelor's degree in psychology, all from St. Louis University. Prior to his employment with SDUIS, he was pogram director for Walden University, dean of the School of Psychology at Fielding Graduate University, and executive director of Deaf Community Services of San Diego.

2.   Is there evidence that there is appropriately assigned leadership in each program areas?

         ☒ Yes   ☐ No

Each program has a lead instructor assigned to academic oversight of the program.

3.   Is there an academic freedom policy? (Section 3-1-202(c))

         ☒ Yes   ☐ No

If yes, how is it communicated to the faculty?

4.   Is there a policy for academic governance? (Section 3-1-500)
          ☒ Yes   ☐ No

Does it contain, at a minimum, address the role of the faculty in the following?
a. Development of the educational program.
          ☒ Yes   ☐ No
b. Selection of course materials, instructional equipment and other educational resources.
          ☒ Yes   ☐ No
c Systematic evaluation and revision of the curriculum.
          ☒ Yes   ☐ No
d. Assessment of student learning outcomes.
          ☒ Yes   ☐ No
(e) Planning for institutional effectiveness.
          ☒ Yes   ☐ No

5.   Is there evidence that faculty meetings are held regularly and both full and part time faculty members participate? (Section 3-1-544)
          ☒ Yes   ☐ No

6.   Does the formation of policies and the design of educational programs involve students, graduates, administrators, faculty, and other interested parties such as advisory committees? (Section 3-1-512(a))
          ☒ Yes   ☐ No   ☐ Needs Improvement

7.   Are community resources utilized and documented? (Section 3-1-512(c))
          ☐ Yes   ☐ No   ☒ Needs Improvement

8.   Are instructors teaching general education courses assigned in keeping with the minimum requirements as stated in the *Accreditation Criteria* (Section 3-3-302, etc. & Glossary)?
          ☐ Yes   ☐ No   ☒ Not Applicable

9. Do the program's general education courses meet Council expectations? (Section 3-3-202, etc. & Glossary)

☒ Yes ☐ No ☐ Not Applicable (non-degree institution)

10. Who is the librarian?

Ms. Bobbi Xureb is the librarian for the institution. Ms. Xureb holds a master's degree in library science from Columbia University.

Is this individual appropriately trained, with evidence of participation in professional growth activities?

☐ Yes ☒ No ☐ Not Applicable (non-degree institution)

Ms. Xureb's file did not contain transcripts to support her master's degree in library science nor did it include a professional development plan.

For Master's Degree Programs Only

1. What library resources does the campus provide to support a better understanding of scholarly research at the graduate level? (Section 3-6-100)

The campus does not currently have holdings to support scholarly research at the master's degree level. The campus reimburses students for library cards to area public institutions. The campus is researching databases for student use on campus, but does not currently have a subscription.

2. Is there an oversight committee for the master's degree program that includes students, faculty, administrators, and employers? (Section 3-6-301)

☒ Yes ☐ No

The campus provided documentation of a newly formed graduate oversight committee which had it's first meeting on June 29, 2016.

For Institutions Offering Distance Education (Appendix H):

1. Does the institution have a plan for implementing distance education instruction?

☒ Yes ☐ No

Does the plan include the following:
(a) Rationale?
☒ Yes ☐ No
(b) Resources?
☒ Yes ☐ No
(c) Course/program objectives?
☒ Yes ☐ No
(d) Course content?
☒ Yes ☐ No
(e) Student assessment?

☒ Yes   ☐ No

2.   Who is assigned to provide administration of the distance education at the
      institution, and what are this person's qualifications?
      Dr. Ray Trybus, campus president, is assigned to manage the distance education
      activities at the campus. As previously stated, Dr. Trybus holds a PhD, master's
      degree, and bachelor's degree all in psychology from St. Louis University. While
      he was employed at Walden university he managed on-line programs and online
      faculty using Blackboard as the LMS.

3.   Are admissions or any other requirements for distance education
      courses/programs identified by the institution?
                  ☐ Yes   ☐ No   ☒ Not Applicable (no additional admissions

Syllabi: (Section 3-1-513(a) & Glossary)

1.   Is an appropriately detailed syllabus on file for each course that includes:
      (a) Title and course descriptions
      ☒ Yes   ☐ No
      (b) Course numbers
      ☒ Yes   ☐ No
      (c) Course prerequisites and/or co-requisites
      ☒ Yes   ☐ No
      (d) Instructional contact hours/credits
      ☒ Yes   ☐ No
      (e) Learning objectives
      ☒ Yes   ☐ No
      (f) Instructional materials and references
      ☒ Yes   ☐ No
      (g) Topical outline of the course
      ☒ Yes   ☐ No
      (h) Instructional methods
      ☒ Yes   ☐ No
      (i) Assessment criteria
      ☒ Yes   ☐ No
      (j) Method of evaluating students
      ☒ Yes   ☐ No
      (k) Date the syllabus was last reviewed
      ☒ Yes   ☐ No

Faculty Files:

1.   Is there a faculty grievance policy?
                  ☒ Yes   ☐ No

2. Does the institution have official transcripts on file for all credentials held by all faculty members? (Section 3-1-542)

☒ Yes ☐ No

Faculty files sampled contained official transcripts. Official transcripts must be on file for any qualifying credential or any credential listed in the catalog.

3. Have all foreign credentials been evaluated for equivalency to a credential earned in the U.S. by a member of NACES or AICE? (Section 3-1-541)

☐ Yes ☐ No ☒ Not applicable

4. Is there a current Faculty Development Plan on file for each faculty member? (Section 3-1-543)

☐ Yes ☐ No ☒ Needs Improvement

Some plans did not designate the time period that the plan covers. Some listed general activities without an expected date. In addition plans only listed one in-service activity, though there are multiple in-service activities planned for the year in the in-service binder.

5. Does the institution maintain evidence that faculty members clearly understand their duties and responsibilities, know the person to whom they report, and understand the standards by which the success of their work is measured? (Section 3-1-202(b))

☒ Yes ☐ No ☐ Needs Improvement

6. Does the institution maintain documentation of the evaluation of faculty members by the administration? (Section 3-1-202(b))

☒ Yes ☐ No ☐ Needs Improvement

7. Does the institution maintain documentation of student evaluations of courses?

☒ Yes ☐ No ☐ Needs Improvement

For Master's Degree Programs Only

8. Do all faculty members in the master's program possess appropriate graduate degrees?

☒ Yes ☐ No

Faculty members are not designated under their area of teaching specialization in the catalog. Based on a review of the upcoming term scheduled, faculty appear to have appropriate graduate degrees.

9. Are at least one-half of the graduate-level courses taught by faculty possessing terminal degrees?
    ☒ Yes   ☐ No

Administrative files:

1. Does the institution maintain evidence that staff members clearly understand their duties and responsibilities, know the person to whom they report, and understand the standards by which the success of their work is measured?
    ☒ Yes   ☐ No   ☐ Needs Improvement

2. Does the institution maintain documentation of the evaluation of staff members?
    ☒ Yes   ☐ No   ☐ Needs Improvement

3. Is there a staff grievance policy?
    ☒ Yes   ☐ No   ☐ Needs Improvement

Student Records and Admissions:

1. Does the campus use an enrollment agreement for each enrolled student that: (Section 3-1-414)
    (a) Clearly outlines the financial obligations of both the institution and the student?
    ☒ Yes   ☐ No
    (b) Outlines all program related tuition and fees?
    ☒ Yes   ☐ No
    (c) Has a signature of the student and the appropriate school representative?
    ☒ Yes   ☐ No

    Is there evidence that students receive a copy?
    ☒ Yes   ☐ No   ☐ Needs Improvement

2. Does the institution maintain evidence of admissions requirements? (Section 3-1-414)
    ☒ Yes   ☐ No   ☐ Needs Improvement

3. Are admissions standards applied consistently among similarly circumstanced students (Section 3-1-411)?
    ☒ Yes   ☐ No

4. Does the institution notify students of articulation agreements and the transferability of credits? (Section 3-1-413)
    ☒ Yes   ☐ No

5. If the institution accepts ability-to-benefit students is there evidence of the required advising and comparisons? (Section 3-1-303(b&c))
    ☐ Yes   ☐ No   ☒ Not applicable

6. Are student records safely protected from theft, fire, water damage, or other possible loss? (Section 3-1-303(f))

☐ Yes   ☒ No

Paper files are not housed in fire safe cabinets.

7. Does the institution maintain a permanent academic record for each student? (Section 3-1-303(e))

☒ Yes   ☐ No

8. What student services are offered? (Section 3-1-440)
The campus provides tutoring, advsing and has a large network of referrals for student needs due to the large foreign student population.

☐ None

Standards of Academic Progress (SAP) (Section 3-1-420 & Appendix D)

For Institutions in the US

1. Does the institution have a published SAP Policy?

☒ Yes   ☐ No

2. If yes, does the policy contain the following elements:
(a) A definition of the maximum time frame allowed for students to complete a program as 1.5 times the Normal program length.

☒ Yes   ☐ No

(b) A schedule that designates the minimum percentage of work that a student must successfully complete at the end of each evaluation increment to complete the program within the maximum time frame.

☒ Yes   ☐ No

(c) Procedures for re-establishing satisfactory academic progress.

☒ Yes   ☐ No

(d) A definition of the effects of the following on the CGPA and successful course- completion percentage:
Withdrawals;

☒ Yes   ☐ No

Incomplete grades;

☒ Yes   ☐ No

Repeated courses;

☒ Yes   ☐ No

Non-punitive grades;

☒ Yes   ☐ No

☐ Not applicable (institution does not offer)

Non-credit or remedial courses;
☐ Yes   ☐ No
☒ Not applicable (institution does not offer)
A probationary period;
☒ Yes   ☐ No
An appeal process;
☒ Yes   ☐ No
An extended-enrollment status;
☐ Yes   ☐ No
☒ Not applicable (institution does not offer)
The effect when a student changes programs;
☒ Yes   ☐ No
☐ Not applicable (institution only offers one program of study)
The effect when a student seeks to earn an additional credential;
☒ Yes   ☐ No
☐ Not applicable (institution only offers one program of study)
The implications of transfer credit.
☒ Yes   ☐ No

Publications: (Section 3-1-701 & Appendix C)

<u>Catalog</u>

1.   Does the institutional catalog contain the following:
- A table of contents or index and an effective date;
  ☒ Yes   ☐ No
- A listing of the names and titles of the administrators;
  ☒ Yes   ☐ No
- A statement of legal control;
  ☒ Yes   ☐ No
- The mission statement;
  ☒ Yes   ☐ No
- A listing of faculty members that includes academic credentials held, awarding institutions, and the area of teaching specialization;
  ☐ Yes   ☒ No
- An academic calendar;
  ☒ Yes   ☐ No
- A complete listing of the requirements for admission;
  ☒ Yes   ☐ No
- A statement of the curriculums that includes the objective or purpose, a complete listing of the courses for the curriculum, the credit or clock hours required for each course, the total credit or clock hours required for the program, requirements for certification or licensing in the field, and any additional requirements;
  ☒ Yes   ☐ No

- A course description for each course that includes the identifying number, the title, the credit or clock hours awarded, a concise description of the course, and any required prerequisites;
  ☒ Yes   ☐ No
- An explanation of the grading system that matches that on the student transcript;
  ☐ Yes   ☒ No
  The grading system on the transcript only includes the definition of the grade, not the numeric value as is indicated in the catalog.
- A definition of a unit of credit;
  ☒ Yes   ☐ No   ☐ Not applicable
- A complete explanation of the standards of satisfactory academic progress policy;
  ☒ Yes   ☐ No
- A statement of tuition, fees, and other charges;
  ☒ Yes   ☐ No
- A complete listing of scholarships offered;
  ☐ Yes   ☐ No   ☒ Not applicable
- A statement of the refund policy;
  ☒ Yes   ☐ No
- A transfer credit policy;
  ☒ Yes   ☐ No
- A statement pertaining to student services offered;
  ☐ Yes   ☒ No
  There is a section which addresses student services, but it is not labeled as such.
- Courses which satisfy the general education requirements;
  ☒ Yes   ☐ No   ☐ Not applicable (Non-degree institution)
- Explanation of the course numbering system.
  ☒ Yes   ☐ No   ☐ Not applicable (Non-degree institution)

For Master's Degree Programs Only

2. Is there a separate section in the catalog that describes the following areas for the master's degree programs: (Section 3-6-800 & Appendix C)

• Objectives	☒ Yes	☐ No
• Program requirements	☒ Yes	☐ No
• Admissions procedures	☒ Yes	☐ No
• Transfer policies	☒ Yes	☐ No
• Graduation requirements	☒ Yes	☐ No
• Regulations	☒ Yes	☐ No
• Course descriptions	☒ Yes	☐ No

Advertising

1. Does all advertising accurately reflect the institution and its offerings and does the institution avoid publishing any mention of ACICS until initial accreditation is granted? (Section 3-1-703)

⊠ Yes ☐ No

The instituion will be required to provide releases for all testimonials published in advertising.

2. Is performance information appropriately disclosed to the public? (Section 3-1-704)

⊠ Yes ☐ No

Other Areas:

9. Has the institution completed a Campus Accountability Report (CAR) for the most recent reporting period? (Section 3-1-303(a))

☐ Yes ☐ No ⊠ Needs Improvement

The institution provided the backup documentation to support the CAR, but did not have the actual CAR.

10. Does the CAR contain student achievement rates at both the campus and program levels? (Section 3-1-303(a))

⊠ Yes ☐ No

11. Does the institution have appropriate back-up documentation to support the statistics reported on the CAR? (Section 3-1-303(a))

⊠ Yes ☐ No ☐ Needs Improvement

12. Does the institution provide placement services to students? (Section 3-1-441(c))

⊠ Yes ☐ No ☐ Needs Improvement

13. Is there evidence that the facilities are in compliance with state regulations and laws?

⊠ Yes ☐ No

14. Does the institution participate in consortium agreements, contracts with unaccredited institutions or entities, articulation agreements with secondary schools, or have any international partnership agreements with any other institutions?

☐ Yes ⊠ No

****

SUMMARY
Based on the ACICS staff review, the following concerns exist:

1. The Campus Effectiveness Plan does not meet Council expectations.

2. The catalog does not meet ACICS standards.

3. Critical documents and processes related to faculty and staff members are not in place.

4. The campus librarian does not demonstrate professional development and is lacking official transcripts for credentials held.

5. The library resources are inadequate for the credential level of the institution.

6. Community resources are not appropriately utilized in the programs.

7. The Initial Campus Accountability Report is not complete.

8. Paper files are not stored appropriately stored.

9. The institution is currently under an Institutional Show-Cause status with ACCET.

ACTION PLAN
The institution must submit, via hard copy, by <u>August 26, 2016,</u> the following items to the Council's office:

1. A revised CEP that includes a description of the characteristics of the programs offered; a description of the student population; a description of the types of data that will be used for assessment; identification of outcomes; how continuous improvement will be made to improve or enhance outcomes; and appropriate baseline data and descriptions of the data collected and used for assessment.

   These data should be for each element and should include rationale on the determination of the baseline, from which suitable goals should be developed. In addition, there must be documentation that the campus has collected appropriate data to support all five elements. The campus must describe the methodologies used to collect data; provide a rationale for using each type of data along with a summary and analysis of the data collected; and an explanation of how the data have been used to improve the educational processes at the campus. The campus must also describe any changes made to the educational processes that were directly related to the collection and analysis of these data.

The surveys used to assess graduate and employer satisfaction must be dated to reflect when the survey was administered and clearly identifies the responder. The campus must use the same survey for all members of the group that is being surveyed. The analysis of the surveys should include the number of surveys sent out and the number returned. This information must be included for each group of graduates and employers surveyed. The surveys should be designed to provide feedback to the campus that will allow it to determine if improvements should be made to educational processes. For example, graduates could be asked if they are well prepared for their current position, and what, if anything, could have better prepared them to work in the position.

Further, the campus must identify student learning outcomes, such as course grades, GPA, entrance assessment, portfolios, externships grades, and other measures of skill and competency attainment.

Faculty satisfaction must be addressed for on-line instructors as required by **Appendix H**.

Lastly, improvement plans must be included for any program which has a retention or placement rate below that of the ACICS benchmark. Templates for improvement plans may be found at www.acics.org:accreditation:CARreport: Program Retention/Placement/Licensure Improvement Plan.

2.   A draft catalog, in compliance with **Appendix C**, that includes:
   • An explanation of the grading system that matches that on the student transcript;
   • A listing of current faculty members that includes academic credentials held, awarding institutions, and the area of teaching specialization;
   • A mission statement with supporting objectives which are substantially career related; and
   • A statement of student services.

3.   Copies of the following documents for a sample of five current faculty members (a complete class teaching schedule must be provided which include faculty credentials and course assignments):
   • Completed faculty development plans that includes documentation of completed in-service and professional growth activities, and listed memberships and participation in professional organizations.

4.   A current development plan for the librarian along with evidence of membership and participation in external activities and a copy of official transcripts for the librarians qualifying credentials.

5.   An inventory of all library resources, electronic databases, journals, hard copy subscriptions, and other reference materials. Invoices for acquisitions as well as pictures of current holdings should also be submitted.

6. A plan for each program for the utilization of Community Resources which includes proposed dates and a description of the activities.

7. A 2015 – 2016 Initial CAR must be completed that covers the period of July 1, 2015 – June 30, 2016 and includes the back-up documentation for any classifications (of graduates).

8. Documentation to evidence that student files are appropriately protected.

9. Evidence that the institution has been removed from the "Institutional Show Cause" status with ACCET.

ACICS Staff Recommendations

1. Prior to the full team's on-site visit, conduct an institution-wide internal audit to make sure that all faculty, staff and student files are complete and that they include all the various documents required by ACICS.
2. Ensure that library resources for the campus are appropriate and meet the ACICS Criteria established for institutions at the appropriate credential level.
3. Maintain continuous documentation of CEP implementation, periodic progress reports, and annual evaluation in accordance with 3-1-112 & 3-1-113.
4. The campus should review this report for other areas of improvement beyond those listed in the action plan.
5. All ACICS data sheets and faculty development plans should be typed.

Disclaimers

This report of the Initial Resource Visit is intended to be a helpful resource to the College as it prepares to receive a full on-site visit. It is not intended to cover all aspects and issues that will be addressed by a team of evaluators. Readers of this report are cautioned that an Evaluation Team may discover and report other findings and written recommendations.

Respectfully Submitted,

Mr. Chad Hartman
ACICS, Senior Accreditation Coordinator
